Building a Computer, Capstone/High School Project September 2019-May 2020
Budgeted, bought, and assembled all the parts into a computer to research the hardware elements of a desktop PC. Examined the effects of technology on society in the past three decades, specifically on news and media.

Java Color Mixer, Academic Project | Java | December 2018
As a high school junior, I created a program using the JFrame class, as well as other upper-level classes, to allow the user to mix any color of the rainbow and view the result. <https://rb.gy/yptib5>

WORK EXPERIENCE

Executive Operations Member, STEM TALK August 2020-Present

- Worked with fellow operations team members to set up the Slack and ClickUp workspaces for the members of the other teams and helped launch the organization.
- Regularly helped write and organize the newsletter created for all members of STEM TALK.

Social Media Coordinator, St. Paul's Marthoma Church Youth Fellowship January 2020-Present

- Designed and/or vetted posts and event flyers for St. Paul's Marthoma Church Youth Fellowship.
- Worked closely with the core leadership team and fundraising coordinators to determine what dates were best to plan events, as well as how to advertise and fundraise for them.
- Informed the members of the Youth Fellowship by sending messages and reminders about upcoming due dates and events, as well as promoting them.

ACTIVITIES
